

Subject: Ashford Village- Pittsfield Township Rubbish Changes

Good morning!

I hope you are all doing well! The reason for my email this morning is to inform your community on the current process of the transition between Priority Waste and Stevens Disposal.

We have many residents asking the question of what to do with their old Priority Waste carts. We are asking that our residents leave their old carts out at the curb on Tuesday March 31st at the end of the day to start being picked up on Wednesday April 1st. If your residents have pick up days on Monday or Tuesday, they can leave their carts at the road to start being picked up on Wednesday.

Obviously, this will cause most residents to have their carts out at the curb longer than the allotted time that the HOA may give them after their rubbish day. We ask for you to keep this transition in mind prior to issuing any citations or fees to residents who still may have their carts out as they do not have any control over these procedures.

We appreciate your time and corporation during this transition period! If you have any questions for us, please reach out any time and I'll be happy to assist!

Thank you again and have a wonderful day!
